Alena Amialiusik wins the individual time trial race Silvia Valsecchi and Doris Schweizer on the podium in Italy and Switzerland

Gold, silver and bronze. Three races and three medals for BePink. Three athletes stepped on the podium during their national individual time trial championship. Alena Amialiusik won the gold medal, Doris Schweizer won the silver and Silvia Valsecchi the bronze.

The first national champion jersey for BePink is from Byelorussia: for the third year in a row, Alena Amialiusik won the national individual time trial race. She ruled the competition, winning the second race of the season.

Yesterday the Italian championship also took place: in Romanengo, Silvia Valsecchi showed off her skills as a racer and won the bronze medal. Simona Frapporti and Dalia Muccioli also raced well, placing 7th and 9th respectively.

A great performance for Doris Schweizer as well: the young Swiss athlete finished second in the Swiss championship, after a very good race.

A very satisfied Walter Zini stated: "I'm happy with these results. Alena has confirmed her skills once again, Doris almost won and Silvia showed that she's one of the best Italian racer in this type of competition."
