

Comunicato stampa

BePink is ready for its first trip. The 2013 season starts in Qatar.

Everything is ready for BePink's seasonal debut.

The 2013 season for Walter Zini and Sigrid Corneo's athletes starts in Qatar. The Ladies Tour of Qatar, from the 29th January to the 1st February, covers almost 400 kilometers on level land, divided into four stages, where the main rival will be the wind.

Walter Zini, BePink's team manager, is optimistic: "We are happy to start the season with such an important race as the Ladies Tour of Qatar. We believe that we can reach some good results, especially considering the preparation of Giulia and Simona that have just come back from Mexico, after the last World Cup stage, and considering the good work put in by all the girls during the training camp in Calpe. We can perform well. The girls are determined and very excited to start this new adventure."

At the starting line of this 5th edition of the Ladies Tour of Qatar there will be Alena Amialiusik, Noemi Cantele, Giulia Donato, Simona Frapporti, Doris Schweizer and Silvia Valsecchi for BePink.
