Gippingen GP: an amazing performance
Dalia Muccioli wins the first stage, followed by Georgia Williams.

A double victory for BePink in Switzerland. Dalia Muccioli finished first, crossing the finishing line all alone, after leading the race along with her teammate Doris Schweizer.

A few kilometers before the finishing line Dalia managed to sprint, keeping the lead until the very end and scoring her first victory of the season.

The young athlete from New Zealand, Georgia Williams, finished second. Ilaria Sanguinetti, the youngest on the team, ranked fourth.

Dalia currently leads the general classification, followed by Georgia. Another very good performance for the team directed by Walter Zini, who was especially satisfied with his girls' performance today.
